About the Institution

The Jyoti college of Management Science and Technology, Bareilly was established in the year 2000 by the society for human education and development with the motto “Tamo Maa Jyotirgamaya”. The aim is to provide quality education to the youth of Bareilly and other cities. The college campus is pollution free and spread over the area of 01.9 Hect. It has well maintained buildings, lush green fields with open ground for curricular, co-curricular and sports activities. At present college is offering programs in Education and Nursing. The highly qualified teaching faculty, diligent staff and enthusiastic students are the strength of college.

About the Seminar

India is the second most populated country and therefore its strength is its human resource especially the large youth population which is full of energy and enthusiasm. Education gives wings to the aspirations as it empowers the minds that will be able to conceive good ideas and actions that form the essence for prosperity. In the fast changing scientific and technological developments to keep in pace with the rest of the world and to establish in global ecosystem, there is a need to reconfigure the education system which is both progressive and evolving. National Education Policy 2020 lays emphasis on development of creative potential of each and every individual in not only cognitive capacity, but also social, ethical and emotional. There is a paradigm shift in many areas of higher education. It lays emphasis on multidisciplinary institutes, research and innovations, autonomy of the institutes, synchronous and asynchronous learning, Academic Bank of Credits, standard settings of accreditation and many more. After formulation, the success of the policy will depend on the implementation but it is not an easy task as it requires positive attitude, effective approach, commitment requires awareness, acceptance, devotion, dedication and understanding the opportunities and challenges by the stakeholders especially teachers, students and academicians. The contemplation on sub themes will help to recognize the opportunities and challenges in restructuring of higher education. The outcome of the discussions and deliberations will be helpful in the implementation and achievement of goals. We invite abstracts and full length paper from the academicians, students and other stakeholders on the following sub-themes of the seminar.

Sub- Themes:

- ❖ Multidisciplinary Institutes and Universities
- ❖ Emphasis on Research and Innovation
- ❖ Empowering Institutions for Autonomy
- ❖ Synchronous and Asynchronous Learning
- ❖ Approach to Integrate All Disciplines
- ❖ Academic Bank of Credits (ABC)
- ❖ Regulatory System for Standard Setting and Accreditation
- ❖ Role of School Education in Shaping Higher Education
- ❖ Challenges in Implementation of NEP 2020 in Self Financing HEI's
